Hi,
Kalani Kaanaana commented on Hawaii DLNR (Department of Land and Natural Resources)'s photo.

Kalani wrote: "Although the SPRBs don't utilize State assets or revenues, we are allowing private land owners to use our credit rating. If they default won't our credit be harmed in the process? Also if our credit is harmed by defaults on the SPRBs does that not affect our ability as a state to borrow money when necessary? Did these land owners not know they have reservoirs and damns on the land they purchased or better yet if they built the damns or reservoirs did they not understand it is their responsibility to maintain them?"
