Subject: Possible interview with William Aila week of Oct. 29 re Constitutional Amendment # 1?

Dear Rick,

Would you have time on your show, at this late date, to accommodate an interview with William Aila, regarding Constitutional Amendment #1 on the general election ballot?

DLNR supports this amendment which would provide a low-cost funding mechanism for needed improvements to privately owned dams and reservoirs in the state that would be financed by special purpose revenue bonds that dam owners would need to repay.

Here's a summary information sheet explaining how this would work if the amendment is approved.

Please let us know if there is any possibility William could come on your show to discuss with you.

Mahalo!
