VOICE PRODUCTS INC ...

Introducing the New Wolfcom Vision Body Worn Camera *Smallest, Lightest, Most Versatile*

The Wolfcom Vision™ main unit is an all-in-one, self-contained digital video recorder with a rotating camera head, built-in rechargeable battery, and 32GBs of internal memory. The unit can be used alone as a fully functioning body worn camera. If so desired, an external clip on camera can be plugged into the main unit for Point of View (POV) recording. The main unit has auxiliary input and output ports allowing the unit to be connected to a PC or external battery. The unit weighs only 2.2 ounces.
