New Wi-Fi Enabled Body Camera Fully Integrates with In-Car Video System

When integrated with WatchGuard's 4RE® in-car video system, multiple officers using WatchGuard's new [VISTA™ WiFi body-worn camera](#) can intelligently collaborate in the group recording of a single incident from multiple vantage points.

View [this video](#) to see how it works:

Just imagine how much stronger your evidence will become when you combine synchronized video of a single incident captured from your in-car and body-worn cameras.
