Subject: FW: Body Worn Camera Grant Application--results
Importance: High
Attachments: Scanned from a Xerox multifunction device001.pdf

Sirs ~

I was able to access the website that has posted the results of the various Body Worn Camera grant opportunities. We didn't get it.

The first page of the scan shows the 3 jurisdictions awarded the SMART Policing Initiative for Body-Worn Cameras. This was the grant that required HPD to engage an outside research partner [REDACTED] and to conduct a pilot implementation study.

The second sheet is the list of jurisdictions which were awarded funds for the President Obama Body Worn Camera Pilot Implementation Project (PIP)-[REDACTED]. It's interesting to see how much funding each jurisdiction received of the \$700,000 they could have applied for.

So sorry to let HPD down on this one. Please let me know if you have any questions.

Thanks,
Lynn
